Dear Parents,

This letter is to inform you that we are excited that we will once again be offering our S'MORE than Just Camp! Summer Enrichment Program. **S'MORE than Just Camp** is a summer program that will be filled with Science, Math, Outrageous Fun, Reading, & Engaging the Brain. Our goal is to beat the summer academic loss that occurs when students are not engaged in learning over the summer break. **S'MORE than Just Camp!** will offer current students of Eau Claire Public Schools in Grades Pre-K-6th grade (student must be five (5) by June 1, 2022) an innovative, fun, and academically challenging summer experience. At **S'MORE than Just Camp!** campers are guaranteed to make lasting memories, all the while turning the traditional summer brain drain into a fun, like no other, summer brain gain!

Why are Summer Enrichment Programs Important?

Did you know:

- All young people experience learning losses when they do not engage in educational activities during the summer.
- On average, students lose approximately 2.6 months of grade-level equivalency in mathematical computation skills over the summer months.
- Some students can lose about 2-3 months of reading achievement.

With a traditional school calendar, this can mean that teachers are spending up to 10% of the school year playing catch-up from the summer learning loss. So if we are going to beat the summer learning loss, then it is important for our students to be engaged academically over the summer months.

So let's get ready for some fun! Eau Claire Public Schools is super excited to offer our students seven (7) weeks of fun and learning with our new summer learning camp, **S'MORE than Just Camp!**
