This Agreement is entered into on: _____

This Agreement is between _____ ("Student" or "User") and the Eau Claire Public Schools ("school").

The purpose of this Agreement is to grant access to and define acceptable use of the school's technology resources ("Technology Resources") during the COVID-19 school closure required pursuant to Governor Whitmer's Executive Order 2020-35 or any successor executive order related to the COVID-19 pandemic.

Technology Resources are any type of instrument, device, machine, equipment, technology, or software that is capable of transmitting, acquiring, or intercepting any telephone, electronic, data, Internet, audio, video, or radio transmissions, signals, telecommunications, or services, and include without limitation (1) internal and external network infrastructure, (2) Internet and network access, (3) computers, (4) servers, (5) storage devices, (6) peripherals, (7) software, and (8) messaging or communication systems.

In exchange for the use of the school's Technology Resources either at school or away from school, you understand and agree to the following:

- A. Your use of the school's Technology Resources is a privilege that may be revoked by the school at any time and for any reason.
- B. You have no expectation of privacy when using the school's Technology Resources. The school reserves the right to monitor and inspect all use of its Technology Resources, including, without limitation, personal e-mail and voice-mail communications, computer files, data bases, web logs, audit trails, or any other electronic transmissions accessed, distributed, or used through the Technology Resources. The school also reserves the right to remove any material from the Technology Resources that the school, in its sole discretion, chooses to, including, without limitation, any information that the school determines to be unlawful, obscene, pornographic, harassing, intimidating, disruptive, or that otherwise violates this Agreement.
- C. The Technology Resources do not provide you a "public forum." You may not use the Technology Resources for commercial purposes or to support or oppose political positions or candidates unless expressly authorized in advance by a teacher or administrator as part of a class project or activity. You may, however, use the Technology Resources to contact or communicate with public officials.
- D. The school's Technology Resources are intended for use only by registered users. You are responsible for your account/password and any access to the Technology Resources made using your account/password. Any damage or liability arising from the use of your account/password is your responsibility. Use of your account by someone other than you is prohibited and may be grounds for suspension from the Technology Resources and other disciplinary consequences for both you and the person(s) using your account/password.

- E. You may not use the Technology Resources to engage in bullying, including cyberbullying. Bullying and cyberbullying are defined as:

Any written, verbal, or physical act, or any electronic communication, that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following:

- a) Substantially interfering with educational opportunities, benefits, or programs of one or more pupils;
- b) Adversely affecting the ability of a pupil to participate in or benefit from the educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress;
- c) Having an actual and substantial detrimental effect on a pupil's physical or mental health; or
- d) Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Use of other communication/messaging devices (including devices not owned by the school) to engage in bullying or cyberbullying may be grounds for discipline under the school's student code of conduct. [Click here to enter text.](#)

You must promptly disclose to your parent/guardian or teacher any content you view or receive over the Technology Resources that is inappropriate or that makes you feel uncomfortable, harassed, threatened, or bullied, or that contains sexually explicit content. You should not delete such content until instructed to do so by a school employee.
- H. It is the policy of the Eau Claire Public Schools, as a recipient of certain federal funds, to monitor the online activities of its minor students and provide technology protection measures on its computers with Internet access designed to prevent minors from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors.
- I. It is the policy of the Eau Claire Public Schools to prohibit its minor students from (1) accessing inappropriate matter on the Internet; (2) engaging in hacking or other unlawful online activities; and (3) accessing materials that are harmful to minors. - J. The school does not guarantee that measures described in paragraphs H and I will provide any level of safety or security or that they will successfully block all inappropriate material from the school's students. You agree that you will not intentionally engage in any behavior that was intended to be prevented by paragraphs H and I.

- K. The school does not warrant or guarantee that its Technology Resources will meet any specific requirement, or that they will be error free or uninterrupted; nor will the school be liable for any damages (including lost data, information, or time) sustained or incurred in connection with the use, operation, or inability to use the Technology Resources.
- L. You have been provided temporary access to the Technology Resources to facilitate learning during the school closure required by Governor Whitmer’s Executive Order 2020-35. You will return all Technology Resources to the school in good working order immediately on request.
